Board Comments

Marcia Atkinson wanted to thank Dr. Harris for including her in the Leadership meeting of the Joint Commission Survey, it was a humbling experience to see the team in action at that level. The whole thing was well organized and they were very complimentary of the hospital as a whole.

Libby Downey is so proud of another Leapfrog “A” grade. She shared the news with her Rotary, adding it is amazing that not only are we nationally recognized but as a County safety net hospital, it is almost unheard of to be at this level of perfection. She commends the staff for the countless reports that it takes to continue to meet the standards of an “A” hospital. Supervisor Lopez wants to thank the community of physicians and nurses who have come to his own personal aid over these past weeks. He is in awe and as always humbled by the experience of our medical community with their vast knowledge as they quickly treat and diagnose even the trickiest of symptoms. We are lucky to have such amazing medical services at the local level in all of the facilities.

SUMMARY/DISCUSSION:

Certain certifications are required for NMC staff to have the ability to give appropriate, lifesaving care to our patients, families, and significant others when necessary. Our current process for staff to register for required certification courses, i.e. Basic Life Support (BLS), Advanced Cardiovascular Life Support (ACLS), and Pediatric Advanced Life Support (PALS) and Neonatal Resuscitation Program (NRP) classes, is to come to the Nursing Education Department during the hours they are open (7:00 am to 4:00 pm), inquire about course dates, register and pay by check or cash. This process requires our staff who work nights or have a day off to stay over or come in on their day off to sign-up for our classes.

The utilization of Enrollware will allow NMC staff easy access to register and pay online for our live classes 24 hours a day. Additional information related to course requirements is also provided. This program will also track and issue Continuing Education Units, as well as, issue ecards. This implementation of Enrollware will increase staff satisfaction and allow the Nursing Education Department to communicate more clearly and operate more efficiently.

..Report

RECOMMENDATION:

It is recommended the Board of Supervisors:

- a. Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute a Hospital Participation Agreement with American College of Surgeons (ACS) for participation in the ACS Trauma Quality Improvement Program for an amount not to exceed \$111,400 with an agreement term July 1, 2021 through June 30, 2026.
- b. Approve the NMC Chief Executive Officer's recommendation to accept non-standard indemnification, insurance, no warranty, limitations on liability, and governing laws within the agreement.
- c. Authorize the Chief Executive Officer for NMC or his designee to execute up to three (3) future amendments to the agreement, which do not significantly alter the scope of work and do not cause an increase of more than ten percent (10%) (\$11,140) of the original cost of the agreement.

SUMMARY/DISCUSSION:

On February 5, 2013, the Board of Supervisors approved (A-12391) Natividad Medical Center's (NMC) Hospital Participation Agreement with the American College of Surgeons to participate in their National Surgical Quality Improvement Program. This Agreement is very similar and allows NMC to participate in ACS's Trauma Quality Improvement Program (ACS TQIP).

The ACS TQIP is a database and reporting system that provides NMC with fact-based information needed to make quick, confident decisions in support of the hospital's quality improvement initiatives. The database and reporting system allow NMC to evaluate our performance compared to other Level II Trauma Centers and evaluate our outcomes, complications, and risk-adjusted mortality. The database and reporting system allow NMC to improve performance through comparative analysis of outcomes across appropriately risk-adjusted populations and compare patient-care patterns among physicians. ACS TQIP is the leading nationally validated, risk-adjusted, outcomes-based program to measure and improve the quality of trauma care. Participation in ACS TQIP will satisfy the American College of Surgeons - Committee on Trauma's requirement (CD15-5), "All trauma centers must use a risk-adjusted benchmarking system to measure performance and outcomes". The ACS TQIP database and reporting system is used by many public and private trauma centers in California and throughout the nation, such as Santa Clara Valley Medical Center and Stanford Hospital.

NMC's Information Technology Department has reviewed the database and reporting system and found that it does not pose a security risk.

ACS has provided an ACORD Certificate of Liability Insurance for Commercial General (GL) in the amount of \$1,000,000 each occurrence and \$2,000,000 in the general aggregate. NMC requests that the Board of Supervisors (BOS) authorize a modification of the County's insurance requirements, as ACS will not agree to provide the additional insured or primary and non-contributory language for the GL, as well as provide the Worker's Compensation certificate. In addition, NMC requests that the BOS accept non-standard indemnification, warranty and governing law language. NMC does not believe this Agreement exposes County to a significant risk of liability.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this agreement as to form, and the Auditor-Controller has reviewed and approved as to payment provisions. The agreement has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on June 11, 2021.

FINANCING:

The cost for this agreement is \$111,400 (plus audit fees at \$2,500 per audit) of which \$22,657 is included in the Fiscal Year 2020-21 Adopted Budget. Amounts for remaining years of the agreement will be included in those budgets as appropriate.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Natividad is a Level II American College of Surgeons verified trauma center. In order to meet the requirements for verification, the organization must go through a stringent review process to ensure all ACS required criteria are met. Natividad is responsible to maintain the ACS criteria in order to remain as a designated and verified trauma center. One of these criteria is participation in a benchmark program which allows Natividad to compare care provided and outcomes with peers and focus quality improvement initiatives on areas of opportunity. Participation in the American College of Surgeons' Trauma Quality Improvement Program (TQIP) satisfies this requirement.

..Report

RECOMMENDATION:

It is recommended the Board of Supervisors:

- a. Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute an agreement with Ray A. Morgan Company, Inc. for copy machine lease and print services for an amount not to exceed \$1,782,164 with an agreement term retroactive from June 11, 2021 through June 10, 2026
- b. Authorize the Chief Executive Officer for NMC or his designee to execute up to three (3) future amendments to the agreement which do not significantly alter the scope of work and do not cause an increase of more than ten percent (10%) (\$178,216) of the original cost of the agreement.

SUMMARY/DISCUSSION:

Currently, SMILE Business Products, Inc. provides copier hardware and support to Natividad. Recently, the level of service provided by SMILE does not meet the expectations of Natividad. This has resulted in extended downtimes to copiers resulting in frustration amongst staff. Due to this, Natividad is looking to move support to Ray Morgan Company. Ray Morgan Company will be providing copiers on lease to Natividad over 5-year schedule. These devices will be fully maintained by Ray Morgan Company to ensure usability and reliability. The copiers will be delivered according to the agreed upon schedule with a total of 82 units over the course of the agreement. Ray Morgan Company will deliver 66 units in year 1, 13 units in year 2, 1 unit in year 3, and 2 units in year 4.

Ray Morgan Company will also be servicing Natividad's existing fleet of laser jet printers, as well as any laser jet printers that Natividad adds to the environment over the length of this agreement. This includes all parts and labor for both machines currently in service and that being held in storage. Currently, Natividad's IT staff maintains this fleet and replaces any printer that requires repair outside of typical errors or maintenance. Ray Morgan Company will provide a level of expertise that Natividad currently does not have which should not only extend the life of our fleet of printers, but also improve the patient and employee experience by minimizing disruptions caused by printer errors and failures.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this agreement as to form, and the Auditor-Controller has reviewed and approved as to payment provisions. The agreement is scheduled for review and approval by NMC's Finance Committee and by its Board of Trustees on

June 11, 2021.

FINANCING:

The cost for this agreement is \$1,782,164 of which \$346,531 is included in the Fiscal Year 2021-22 Recommended Budget. Amounts for remaining years of the agreement will be included in those budgets as appropriate.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Establishing a relationship with Ray Morgan Company will allow Natividad to upgrade the copy and print infrastructure of the hospital. This will also give Natividad the expertise needed to lengthen the usable life out of existing printing infrastructure by providing a level support that is currently not able to be provided.

HeartFlow Analysis Order Agreement

Legistar Number: _____

..Title

- a. Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute an agreement with HeartFlow, Inc. for analysis of cardiac disease services for an amount not to exceed \$136,000 with an agreement term of July 1, 2021 through June 30, 2023.
- b. Authorize the Chief Executive Officer for NMC or his designee to execute up to three (3) future amendments to the Master Services Agreement which do not significantly alter the scope of work and do not cause an increase of more than ten percent (10%) (\$13,600) of the original cost of the agreement.

..Report

RECOMMENDATION:

It is recommended the Board of Supervisors:

- a. Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute an agreement with HeartFlow, Inc. for analysis of cardiac disease services for an amount not to exceed \$136,000 with an agreement term of July 1, 2021 through June 30, 2023.
- b. Authorize the Chief Executive Officer for NMC or his designee to execute up to three (3) future amendments to the Master Services Agreement which do not significantly alter the scope of work and do not cause an increase of more than ten percent (10%) (\$13,600) of the original cost of the agreement.

SUMMARY/DISCUSSION:

Cardiologists utilize this service and other physicians at NMC for selective specialized cardiovascular patients who need further diagnostic work up for assessment of cardiovascular disease. This is a service where patients who have already undergone at Computerized Tomography of the Chest have the results sent out electronically to HeartFlow for further expert analysis.

- The service benefits the NMC patient as it provides a more complete analysis and risk stratification as to the severity (or not) of their coronary arteries.
- HeartFlow provides this outsourced diagnostic service without the need for further invasive cardiac procedures such as expensive and more dangerous invasive cardiac catheterization for some selected Cardiac patients.
- The HeartFlow analysis has shown to be highly accurate in sensitivity and specificity. If the analysis comes back negative, the patient does not need further cardiac testing and further exposure to radiological cardiac tests for the period of the next 24-36 months. Conversely, if this analysis comes back positive, the patient is then referred for further specialized procedures where the blockages have been located and shown to be a significant risk factor. Either way the patient benefits from this advanced cardiac analysis.
- The service also is very beneficial to NMC as it helps to keep the patient in our system rather than transferred out for this further expensive testing. It also speeds up the diagnostic results by a very impressive 4-hour turnaround to know if the patient is suffering from serious cardiac disease.
- This also benefits NMC and its community of patients as it allows us to scan more patients faster for the presence or absence of coronary disease.

- Sometimes this CT Scan has discovered other diseases such as cancers at a much earlier state as it was discovered before other symptoms as a cardiac screening tool.
- Medicare has acknowledged the advantage of this specialized diagnostic procedure, and will reimburse the hospital for this service at a positive rate.
- There is no monthly fee if the service is not utilized. It is only expensed on a selected per patient need basis.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this agreement as to form, and the Auditor-Controller has reviewed and approved as to payment provisions. The agreement has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on June 11, 2021.

FINANCING:

The cost for this agreement is \$136,000 of which \$68,000 is included in the Fiscal Year 2021-22 Recommended Budget. Amounts for remaining years of the agreement will be included in those budgets as appropriate.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This procedure further enhances the Health and Human Services in Monterey County as it allows the patient to receive the procedure without leaving NMC. The analysis is completed remotely by national scientific experts who have developed the specific software for predicting the presence or absence of coronary artery disease. Previously patients would have to travel to the San Francisco or Los Angeles area for this type of procedure.

..Report

RECOMMENDATION:

It is recommended the Board of Supervisors:

a. Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute amendment No. 6 to the agreement (A-12637) with Intelligent Medical Objects, Inc. for software license, support and maintenance services, with no change to the agreement term of January 28, 2014 through April 30, 2022, and adding \$98,997 for a revised total agreement amount not to exceed \$527,357.

SUMMARY/DISCUSSION:

Intelligent Medical Object's (IMO)'s Clinical Interface Terminology is a software suite of vocabulary products that provide electronic mapping and standard nomenclature to help NMC manage the complexities of searching and obtaining the myriad of codes from most code standards. Using standard nomenclature is necessary to effectively build reports and was implemented in 2014 to meet the requirements of Meaningful Use, as dictated by Centers of Medicare and Medicaid Services (CMS) and the Health Information and Technology for Economic Health (HITECH) Act. Using electronic mapping and standard nomenclature is also critical for revenue recoupment with the required implementation of International Statistical Classification of Diseases and Related Health Problems (ICD-10).

IMO provides mapping dictionaries that allow for user-friendly vocabularies that contain user-specific and familiar words and phrases, enabling clinicians and information management professionals to find and record the terms they need quickly and easily. IMO then crosslinks to required standardized vocabularies such as Systematized Nomenclature of Medicine (SNOMED) and ICD-9 and 10 codes that help to connect to the patient record, administrative information, academic references, and consumer information. IMO then allows for appropriate electronic mapping for decision support, billing, and information for providers and patients.

MEDITECH, NMC's Electronic Health Record, has collaborated with IMO to incorporate IMO's mapping software within Meditech. MEDITECH subsequently has required all Client/Server facilities, including NMC, to purchase IMO. MEDITECH is not accommodating other mapping and standard nomenclature vendors and IMO is the required vendor pursuant to MEDITECH's contracts and rules.

This request will add funds to the agreement to account for a contractually permitted cost increase. The agreement pricing is based on Natividad's Net Patient Revenue (NPR) which increased substantially when Natividad became a trauma center.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this amendment No. 6 as to form and the Auditor-Controller has reviewed and approved as to payment provisions. This request has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on June 11, 2021.

FINANCING:

The cost of this request is \$98,997, all of which is included in the Fiscal Year 2020-21 Adopted Budget.

..Report

RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Authorize the Deputy Purchasing Agent for Natividad or his designee to execute the First Amendment to the Professional and Call Coverage Services Agreement (A-14417) with Boris Borazjani, M.D., Inc. to provide general and acute care surgical services at Natividad, extending the agreement term by twenty-four months (July 1, 2021 to June 30, 2023) for a revised full agreement term of July 1, 2019 to June 30, 2023, and adding \$200,000 for revised not to exceed amount of \$700,000 in the aggregate; and
- b. Authorize the Deputy Purchasing Agent or his designee to sign up to three (3) future amendments to this agreement where the total amendments do not significantly change the scope of work and do not cause an increase of more than ten percent 10% (\$50,000) of the original contract amount.

SUMMARY/DISCUSSION:

Natividad received its designation as the Level II Trauma Center for Monterey County in January 2015. The American College of Surgeons requires acute critical care surgeons to be available in-house with a 15 minute response time for Level II Trauma Centers. In order to provide 24/7 care, it is necessary to maintain a core team of quality surgeons made up of employed and independent contract physicians to provide daily call coverage in the Emergency Department and follow-up care to patients in the Intensive Care Unit.

Natividad would like to amend the agreement with Dr. Borazjani, a board certified fellowship trained trauma surgeon, so that he can continue to provide general and critical care surgical services as part of the comprehensive trauma services required for a Level II Trauma Center. Dr. Borazjani will participate in the on-call panel and will be paid a daily rate for the coverage services, which may increase due to availability and the need for coverage, but the rate of pay for services remains the same. NMC has obtained an independent opinion of fair market value supporting the payment terms of this Agreement.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed and approved this Agreement as to legal form. Auditor-Controller has reviewed and approved this Agreement as to fiscal provisions. The Agreement has also been reviewed and approved by Natividad's Finance Committee and Board of Trustees on June 11, 2021.

FINANCING:

The cost of this amendment is \$200,000. The total not to exceed amount of this Agreement is \$700,000. The actual cost is contingent upon Dr. Borazjani's participation in the call panel which may fluctuate based on her availability. Natividad has agreements with multiple providers to ensure sufficient coverage of the trauma services where the total expenditure will not exceed \$1,300,000 annually which is included in Fiscal Year 2021/2022 recommended budget. The remaining balance will be budgeted in subsequent fiscal years. There is no impact to the General Fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The services rendered in this agreement is required for a Level II Trauma Center and provides Natividad with the additional support it needs in order to provide reliable and high quality patient care which improves the health and quality of life for patients and their families.

..Report

RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Authorize the Chief Executive Officer for Natividad or his designee to execute the First Amendment to the Professional and Call Coverage Services Agreement (A-14431) with Neurorescue, a Professional Medical Corp. to provide neurosurgical services, extending the term by twenty-four months (July 1, 2021 to June 30, 2023) for a revised term of July 1, 2019 to June 30, 2023, and adding \$200,000 for a revised amount not to exceed \$700,000 in the aggregate; and

SUMMARY/DISCUSSION:

Natividad received its designation as the Level II Trauma Center for Monterey County in January 2015. The American College of Surgeons requires neurosurgeons provide dedicated call coverage with a 30 minute response time for Level II Trauma Centers. Natividad would like to amend the agreement with Neurorescue, a Professional Medical Corp., so that Dr. Mohsin Shah, a board certified neurosurgeon, can continue to provide neurosurgery services as part of the comprehensive trauma services required for the Level II Trauma Center without interruption. Dr. Shah is paid a daily rate for coverage services, which may increase due to availability and the need for coverage, but the rate of pay for services remains the same. Natividad has obtained an independent opinion of fair market value supporting the payment terms of this Agreement.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed and approved this Agreement as to legal form. Auditor-Controller has reviewed and approved this Agreement as to fiscal provisions. The Agreement has also been reviewed and approved by Natividad's Finance Committee and Board of Trustees on June 11, 2021.

FINANCING:

The cost of this amendment is \$200,000. The total cost of this agreement is \$700,000 for the period July 1, 2019 to June 30, 2023 (48 months). The actual cost is contingent upon Dr. Shah's participation in the call panel which may fluctuated based on his availability.
